QUICK HELP

Screen shows LL and fails to power on

Charge for 1-2 hours via Type-C cable.

Taps are not registering

The blue light above the tapping head flashes fast = working. If not, press START.

Note: We recommend 5-10 taps/sec for optimal use.

Device stops responding

Power off, re-clamp, and restart.

Warranty

12-month warranty · 30-day replacement.
